## Capital Campaign seeks to increase revenues

Michael Anderson Flyer Staff Writer

Beginning in the spring of 1998 SSU will officially embark on a Capital Campaign, which hopes to raise \$8 million over four years.

Vice President of University Advancement Martin Williams said that, SSU, in-combination with the annual \$600,000 the university yields from existing assets, needs to raise a couple million dollars each year to promote the needs of students, faculty and staff. According to Williams, SSU has raised \$500,000 thus far in fiscal year 1998.

With greater financial resources, Williams explained that the value of a diploma will increase and SSU will continue to increase its much sought after national eminence.

Williams, referring to SSU's recent 7th place ranking in *U.S. News and World Report* in the northeast, said, "[A Capital Campaign] will help to move [SSU] up to the top three."

SSU's yet to be named campaign expects to reach its goal of raising \$8 million from five primary sources: alumni, community, friends, Maryland businesses, foundations and from parents of SSU students.

The Flyer/File photo Vice President of University Advancement Martin Williams hopes to raise \$8 million in four years.

The Capital Campaign would be led and run by volunteers, according to Williams, with the campaign's coordinator selected by Williams and SSU President William Merwin.

The need for a capital campaign is great, said Williams, because SSU received only \$4,087 per student from the State of Maryland this year. Student tuition comprises a large portion of the remainder of SSU's income.

Capital campaigns are relatively new to public institutions, according to Williams. "It was thought for a number of years that private institutions did all the fund raising, and state schools were funded with public money," he said.

The campaign at SSU is the first announced here, although other fund raising projects have existed for year. None thus far have been on the same scale as the Capital Campaign.

Earlier this year Williams' office released an information packet, "A Campaign for Excellence," which answered some basic questions about the fund raising initiative.

In the packet he wrote, "The campaign...will probably cost \$250,000" to operate. [W]hile campaigns do cost money, they bring in 10 to 20 times the amount invested in increased revenues for the institutions."

SSU has traditionally done very well raising external funds. Annually, approximately \$1 million is raised from private sources, but last year was an exceptional year for fund raisers, with \$5 million raised.

Much of the university's fund raising reputation is reliant on patronage of wealthy individuals, such as Frank Perdue, Charles and Martha Fulton, Sam and Marilyn Seidel and Richard Henson, whose names have been assigned to SSU's four academic schools.

## Cultural centers scheduled to lose university funding

Dawn Straitz Flyer Staff Writer

n the next three years SSU officials hope that the art galleries, the symphony and the Center for Conflict Resolution will be financially self-supporting.

The university's galleries, the symphony and Center for Conflict Resolution are most likely here to stay, but the university would like them to be more self-supporting so that the money can be used to fulfill student needs like scholarships, and financial aid.

The aim in doing this is to get the community more involved with SSU while shifting the burden of funding on the community, which makes primary use of the facilities."We hope to make the mission of the SSU Foundation clear and compelling," said Martin Williams, vice president of University Advancement, "and encourage the community to contribute to our cultural endeavors."

The galleries and the Center for Conflict Resolution were created from auxiliary services. They are not given state funding like the academic programs.

When they were started, it was with the expectation that they would eventually generate revenue to support themselves.

Director of the Center for Conflict Resolution Dr. Michael McCormick doesn't think the Center can continue without university support. "It makes sense for us to work for self-sufficiency, but I don't think it's realistic to expect it in so short a time," said McCormick.

According to McCormick, the Center for Conflict Resolution works in the hospitals, courts, and schools, but the

community is too small to realize the value and need for the services they provide. He said there needs to be additional community education about these services, which are relatively new to the Eastern Shore, before there is a market.

To make itself more self-supporting the Center is looking for an endowment, as well as creating a market for its training services and collecting service fees for mediation. They will soon be doing more work with child custody mediation, which should help

The galleries at SSU are already very close to being self-supportive, so the three year time frame is not a major concern for them. Kenneth Basile, director of Galleries, is very happy with the support they have been receiving from the administration.

The gift shop, grants and gallery membership options help all the galleries to make an increasing amount of their operational overhead each year.

Dr. Thomas Elliot, director and conductor of the symphony, is very optimistic about the symphony being self-supportive in three years. The symphony is joining together with the gallery and the classical music radio station on campus, WSCL, in an effort to promote all three cultural venues.

The gallery sells the symphony's CDs and during an intermission of one of the symphony's concerts there will be the opportunity to tour the gallery. According to Elliot, the symphony's December concert will also be broadcast live on WSCL. Eliot said they are bringing the people together who have a passion for music and the means to support it.

In three years the administration would like to see SSU's cultural endeavors be more self-supporting by having more community support.

# Chesapeake lot exit to remain closed

Kenna Brigham Editor in Chief

Works Department announced plans to repave and points along the strip of road. reline W. College Ave.

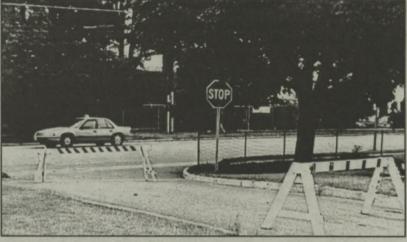

The exit, currently blocked off by barricades, was closed before students left for spring break last semester. The exit was closed because motorists were using the right turn only exit as a two way entrance and two way exit, according to Director of Public Safety Jim

Last spring, Phillips said that Public Safety closed the exit in order to evaluate the need of it. He explained that the idea to construct a completely new exit this semester came from the convenience an additional entrance and exit would provide. Although the lot currently has three other entrance/exits, Phillips said the extra exit would make sense from a traffic flow and access stand point.

Jamal Baassiri had a rough draft of the proposed exit drawn weeks before the decision was lane and right turn lane.

Richard Pusey, Associate Vice President of and the third lane would be for right turns only. Administration Richard Yobst and Phillips made the

decision two weeks ago to stop planning the exit, which would line up with Lowercrop Dr.

Construction Manager for the project Exit onto College Ave. to remain closed until further studies can be done.

Along with providing left turn lanes at ability to see cars coming from the opposite direction. made to stop the project. He explained that he proposed different streets along Riverside Dr., the city plans to a three lane exit that included a left turn lane, straight create three lanes of traffic at the W. College Ave. and better having [the exit] closed than it is to have it open Rt. 13 intersection. One lane is planned for left turns because of the violators. I think people have adjusted Vice President of Administration and Finance only, another lane would be for motorists going straight and are making due. It has inconvenienced some

for the repaving and relining of W. College Ave., SSU Salisbury Deputy Director of Engineering would be responsible for paying for the construction of Chip Messick explained that the city plans to repave a new exit. Yobst explained that once the new lanes are lans to build a two way entrance and two way the roadway from Riverside Dr. to Rt. 13 in spring, put in place by the city, SSU will conduct a study to xit off of the Chesapeake parking lot were 1998. In order to improve traffic flow, the city also analyze the affect, if any, the new lane patterns have on recently put on hold after the Salisbury Public plans to change the pavement markings at certain traffic flow. Messick said the changes should improve the flow of traffic, especially at the intersection of W. College Ave. and Rt. 13.

> Yobst said the construction of an exit, if one is to be constructed, wouldn't occur this year. Yobst said that he would like to do the traffic flow study when classes are in session because it is much different when students are in the area. Once a traffic study is completed, Yobst said, another evaluation will take place to evaluate the need of an additional exit.

> Yobst also said that the group studying the feasibility of an exit are looking at the access to and from campus, as well as safety, which he pointed out as the most important aspect being examined.

> Currently when cars are stopped at the traffic light, the third car at the light blocks the exit from the Chesapeake parking lot and therefore interferes with a drivers

Phillips said, "In my opinion, it's working

people, but for the overall good, I think it's best to have it closed until we get it constructed properly."

Spotlight on Charletta House seminars, community awards programs and other juggle a variety of responsibilities. Community

Emily Argo Flyer Staff Writer

Each week in Spotlight, Emily Argo ventures out into SSU's hallowed halls of academia in search of professorial profiles.

SU reference librarian Charletta House was recently featured in one of the magazines that her "office" stocks. House appeared in the September issue of Ebony in a feature about the chairpersons of the traveling Ebony Fashion Fair. House said, "It was an honor to be showcased with the other chairpersons.'

House is the president of the Princess Anne chapter of Links, Inc., who are sponsoring the show at University of Maryland Eastern Shore in Princess Anne on October 15. According to House, Links, Inc. is hosting the event to raise scholarships funds and to bring a cultural event to the Eastern Shore.

Links is a national organization of women which works for human rights, particularly racial and social justice. The national organization, incorporated in 1951, now has over 266 chapters. House's chapter, which was chartered in 1969, serves the entire

House has been involved with Links for 20 years. She said, "I believe in what Links stands for. It the Ebony Fashion Fair, her chapter has sponsored

scholarship activities. They have also given financial, involvement is part of my life. It is part of me."

SSU Reference Librarian Charletta House.

educational and other kinds of support for disadvantaged individuals in voter registration and

House is committed to community service and

She is involved with Delta Sigma Theta sorority and Kappa Delta Pi honorary society. House is a member of the National Political Congress of Black Women, a member of the League of Women Voters and is on the Senatorial Scholarship Board for the 37th legislative district. She is the vice president of the American Association of University Women's local chapter and is a member of the Maryland Library Association. House is also a member of the National Women of Achievement and was listed in Who's Who of American Women. House said, "I believe in community involvement. I want to give something

Here at SSU, House is a familiar face to students doing research in Blackwell Library. Her position as reference librarian came after years of working in libraries. "I have worked in just about every phase of the library," House said. She has worked in the field of library science at Alabama A & M University, UMES and SSU. House said she loves working with people and has no intention of retiring anytime soon.

Recently, it's the upcoming fashion show that has been taking up most of House's time. She has been planning the event since January, including making the arrangements for facilities, tickets and promotions. "We hope to sell out," said House.

House hopes her Links, Inc. chapter will continue to other political awareness and community based host events which will benefit the Delmarva community. "My hope for the chapter is to make a difference. I hope we can improve the quality of life, provides friendship as well as purpose." In addition to is very active in many organizations. She said, "I do offer hope for a bright future, improve circumstances, and let it be known that our dreams are not limited."

Movie review: L.A. Confidential

never had a fondness for basil, which seems to Worried about what all that cheese, bread and olive oil overpower the other flavors in anything it is coupled will do to your figure? Balance a diet that includes a with. Here too I found that the basil was a bit much and moderate amount of high fat and high calorie foods with not to my liking. So I removed it and enjoyed my new a regular exercise routine. Here are some exercise tips, stomach. I needed food fast and I was simply creation. It had a mild flavor and provided a nice courtesy of Student Health Services, on getting started:

- Set realistic goals. Start with a minimum of 30 minutes three times per week and work in additional time from there. Everything above that can be onsidered a "bonus" psychologically.
- 2. Pick a routine you like. If you don't like doing it, it is The calamari was cooked to perfection, tender harder to find time to fit it in. (For those of you who don't like exercise period, redefine what exercise may be for you - see #4). Vary your routine so that you don' ecome bored with one activity or begin to dread it.
  - pasta topping, 3. Look for psychological as well as physical benefits. was spicy, but | Share exercise time with friends if you are a social bug not so hot as or let your kids see you on the stationary bike if you to have you hate spending time away from them. Role modeling grasping for positive behavior for managing end-of-day stress can the nearest also be a great motivator to those around you who need pitcher of to become more active. If, on the other hand, you relish time alone, use that run or walk as a positive way to All of the escape
  - generous, 4. Look for opportunities to move. Keep that car parked especially the (that way you don't lose your space — another benefit calamari and of exercise!) and walk across campus. A brisk 10 minute walk from one side of campus to the other is an managed to aerobic activity that can burn up to 50 calories or more nave enough depending on your weight. Add several 10 minute walks pasta and a day and you are well on your way to fitness.
- . Pick a schedule that works for you. There is no another meal, perfect time to exercise, so design a plan to fit it into your day as best you can. If you don't like the added important on a limited budget. The prices on all rush at lunch, save it for after work or school. If you are I quickly selected the bruschetta appetizer the menu items appeared reasonable, with the most too tired at the end of the day, try something earlier. Have a back-up plan if your original gets foiled. Stick to The wide selection of dishes on the menu also that goal of three times a week and as it gets easier, go

here. You can't share yourself with the world if your As I waited for my order at about 6 p.m. on a body and mind are not sound. Exercise is a vital vinegar/olive oil combination. The vinaigrettes I have Wednesday, the restaurant was filling up with families component of physical and emotional health. It is not a

## Overheard on Red Square

What SSU is talking about this week....

#### Housekeeping staff stays

All it takes to influence the SSU administration is the wrath of the entire campus. No wonder so much doesn't get done around here.

#### Sea Gull Century

The annual ride brings \$2 million into Wicomico County. And they seem so grateful, don't they?

#### Oriole mania sweeps across campus

Yet another excuse to cut class. I'm sure your professors will understand.

#### Summer continues

We're still using suntan lotion in October. Does this mean BBQ on Halloween?

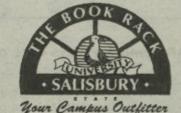

### The College Avenue parking lot exit

SSU will determine whether or not it's necessary to reopen it. I guess it might be deemed necessary to make a u-turn every time you leave campus.

# Family Weekend October 18, 1997

Bring your family by to visit The Book Rack in the new Commons Building. While your here, check out our newest selection of SSU apparel, a brand new assortment of Hardback Books priced at \$4.95, an enlarged Hallmark department and many new gift lines.

## What's happening? A guide to campus events

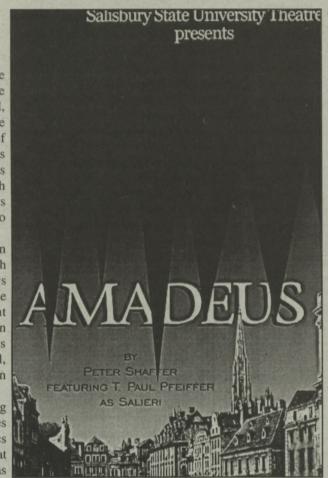

## Amadeus opens in the Black Box Theatre on October 17

Andrea Brown-Hurley Flyer Staff Writer

The Black Box Theatre in Fulton Hall was alive with activity last Thursday night as the speaking cast of the play Amadeus rehearsed, with the October 17 opening only days away. The nine principle cast members, under the direction of Richard Culver, donned 18th century garb (over jeans and shorts), stashed their scripts (except for one actor's cheat sheet) and tackled the complex drama, which depicts the life of composer Wolfgang Amadeus Mozart through the eyes of his jealous rival, Antonio Salieri.

Culver said that the play's production represents the culmination of his collaboration with Director of SSU Theatre T. Paul Pfeiffer, who plays Salieri. Culver and Pfeiffer had long mulled over the idea of producing Amadeus for the stage here, but were daunted by the inherent difficulties in undertaking a piece of its magnitude. During his remarks to the cast at the start of Thursday's rehearsal, Culver described the play as "extremely challenging in terms of length, language and complexity."

And it is long. The play has been running almost three hours during rehearsals, but Culver hopes to decrease the running time as last minute logistics are resolved. Of course, lengthy running times hint at lengthy scripts and Pfeiffer said that memorization has been the most trying aspect of preparing for the role of Foreign tongues (French, Italian and German) are

intermingled with English throughout the play, Besides the sheer amount of words in the creating another hurdle for the cast to overcome. While script, there is the hurdle of language complexity. some thespians might be overwhelmed by the task,

Amadeus cast members relieve the pressure with numor. "Not up on our French, huh Mozart?," joked one cast member, in character, hardly missing a beat.

The Flyer October 14, 1997

Then there are the characters themselves: Antonio Salieri, court composer to Joseph II of Austria; Mozart, a brash young musical genius; Constanza, Mozart's wife; Emperor Joseph; and several of their contemporaries. To put it mildly, the roles demand a wide range of emotion. The talented cast seems to meet this challenge.

Culver said that the most exciting aspect of directing the play is working with Pfeiffer. It is also the most exciting aspect of watching the play. As the embittered Salieri (his "dream role"), Pfeiffer invited the audience to "come and be my last confessors." From that point on, his passionate portrayal of the tormented Salieri is bound to mesmerize the viewer.

While the play's plot is somewhat dark, there are poignant moments of laughter and lightness. As Mozart, Michael Herdson fills his role with energy, bubbling with his character's signature enthusiasm. Similarly, Jocelyn Malheiro plays Constanza with playful abandon, making the transition from her husband's playmate to his concerned wife with

Though the play is difficult, the cast seems determined to make their production look easy and fun. Culver said, "Each day a step forward is being made." The successful production of Amadeus will be quite an accomplishment for the director and his cast. And it looks to be an entertaining and thoughtprovoking experience for audiences.

#### Student art exhibit in Studio 129 October 13-20

rt works by junior art major William Wessel will be featured in Studio 129 (Fulton Hall Room 129) from October 13-20. To kick off the exhibit, "A Compendium of Visual Thought," Wessel will be discussing his work on Wednesday, October 15, from 4:30 - 6:30 p.m. All are invited to attend.

Studio 129 is a student multipurpose studio space developed and run by art students to present work and presentations of art by students and invited guests. Students present both finished and in progress research works in the

#### • Football

#### SSU comes from behind to defeat Chowan

Murfreesboro, NC - SSU's special teams, after turning in sub-par performances in previous weeks. sparked the Gulls with two touchdowns as they ran past Chowan 28-17 on Saturday. Tony Hill returned the opening kickoff 80 yards to put SSU on top 7-0. Chowan fought back to take a 14-7 lead with touchdown runs by Chris Dent and Timmy Carter.

The Sea Gull special teams responded with nother huge play following Carter's score. Brian Doyle silenced the home crowd returning the kickoff 90 yards to tie the score at 14-14. Chowan regained the lead before the half with a 40-yard field goal by Justin

The SSU defense shut down the Braves the rest of the way, holding them scoreless in the second half. On the other side of the ball, the Gulls came through in the fourth quarter with touchdowns from 2-0 early in the game. This Jamal Avery and Mac James.

Trailing 17-14 after three quarters, SSU marched 50 yards in ten plays capped by Avery's 10yard touchdown. The Sea Gull defense was solid and topped Chowan, allowing the Gulls to take over on the Braves' 49 with five minutes remaining. SSU Murray, SSU's offense struck quickly, with a 47-yard pass from Matt Main to dominated Cabrini for the rest Josh Stark. James drove in for the two-yard score.

Hill, a junior defensive back, has now scored on offense, defense and special teams this season. James finished the game with 98 rushing yards on 26 carries. Main completed 11 of 24 passes for 135 yards.

The Gulls improved their overall record to 2-They travel to Trenton, New Jersey to face the College of New Jersey on Saturday.

#### Field Hockey

#### Top-Ranked SSU shuts out Goucher

victory last Tuesday with a 2-0 shutout of Goucher P.M. College. The Gulls improved their overall record to 10-2 and their conference record to 3-0. Megan Hopper • Cross Country and Mary Wilgus scored goals in the second half to lead the Sea Gulls. Senior goalie Kristin Archer was brilliant on her way to her 24th shutout of her career and her eighth this season.

After a scoreless first half, Hopper struck first at 27:58. Wilgus scored at the 13-minute mark on an assist from Bonnie Wilson. SSU outshot Goucher 11-4 and held a 14-4 advantage in corner shots.

The Gulls are ranked first in this week's NCAA Division III South Region poll and appear to be on their way to another CAC championship and an NCAA tournament appearance. SSU hosts cross-state

## Sea Gulls win in straight sets

#### VOLLEYBALL, from page 14

which allowed the Gulls control of the serve. The Sea Gulls' offense rallied around the serves of junior outside hitter Jennifer O'Neil and sophomore outside hitter Mandy Heagy to take set two.

The mighty offensive surge of the Gulls was too much for Cabrini to stop in the second set. Cabrini's offense never got a chance to set up, due to tight defensive play of the Sea Gulls. Coach Knight said, "I was pleased. I thought our coverage was very good and that is something we oncentrated on this week."

Cabrini started set hree with the serve and led would be the last lead of the set for Cabrini. O'Neil served for SSU and tied the game at two a piece. After another crushing offensive spike by of the game. The Gulls' offensive attack was led by unior setter Jayme Lanham and junior outside hitter Lindsey McNaney.

"In the beginning I hought we played slow. But in the end we picked up the pace after we were warmed up," McNaney said.

Palasek led the Gulls with eight kills and eight

Cabrini player.

#### SSU women finish second, men finish third

Westminster, MD — Sophomore Kerri Bowers led the SSU women's cross country team to a second place SSU falls to John's Hopkins 2-0 finish at the Maryland State Championships Saturday. Baltimore, MD - SSU fell to 5-6 with a 2-0 shutout Bowers finished third with a time of 20:16. The loss to John's Hopkins Saturday. The Gulls managed women were second only to Frostburg with a score of only two shots on goal. Eric West scored 15 seconds

and John's Hopkins, with a score of 85 points. The the victory.

Dugan added five kills and five digs. Freshman setter Katie Worrick added 15 sets and Lanham finished with

The Gulls lightening offense allowed SSU to dominate Cabrini. As for Cabrini's offense, they were

stopped by the quickness and aggressive play of the Sea Gulls' defense.

The Flyer October 14, 1997

"I think we were in control the whole time. We were a little bigger and quicker than our opponents. But again we need to become more offensive because we aren't putting the ball down. But that is something the team is working on," said Knight.

The victory puts the Sea Gulls one game over .500 with a record of 10-9. While the loss drops Cabrini to 6-14 overall.

NOTES: The Sea Gulls have several key Capital Athletic Conference (CAC) matchups in the next upcoming matches This week the team wil travel to CAC rival York College or The Flyer/Carl Cooksey Wednesday and then participate in Gulls will the Western Maryland Invitational on Saturday.

Senior Cassie Cutright sets up to return a spike from a

# Women's soccer defeats Frostburg

Flyer Sports Writer

The SSU women's soccer team had little trouble dispatching archrival Frostburg State University last Saturday, Junior forward Shauna Donahue and sophomore defender Jen Mazzola tallied goals as the team shutout the Bobcats,

The team was fired up from the get go and proceeded to pelt Bobcat goalie Charon Colantonio repeatedly with shots in the first half. Mazzola struck early, scoring unassisted just two minutes into the

The team was unable to find the back of the net for the rest of the half though. Colantonio made 11 saves on the day, mostly on shots to the right of her.

"We created opportunities in front of the net all day," SSU Head Coach Jim Berkman said. "We kicked too many balls right at their keeper today. It Cortney Urban goes after the ball against a Frostburg State would have been nice to see a couple more balls go in, player. but we accomplished what we needed to accomplish."

The Sea Gull defense, lightly tested Berkman said. throughout the day, nonetheless got another solid and goalkeepers Amy Forbes and Becky Keller to come up empty handed on numerous occasions on

performance from senior sweeper Nicole Urban-Ingley the Sea Gulls once again put up a relentless attack, only now 0-4 lifetime against Salisbury

"The defense did a great job once again and that caromed off of the near post before finding its Amy was strong in the cage today. We gave Frostburg place in the back of the net. Senior forward Danielle very little in the ways of opportunities today," Urban was credited with an assist on Donahue's score.

"We kind of rested back on our heels a little bit in the second half," Berkman said. "They weren't attacking that much and that sort of put a lull into our efforts. We woke ourselves up real fast though."

The Bobcats fell to 8-4 overall and have yet to defeat the Sea Gulls. Salisbury, in the meantime, improves to 10-3 with their fifth consecutive victory. They will host Kean College this Sunday.

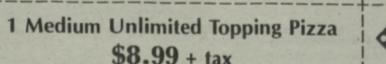

Notes: Not only was the victory over Frostburg the team's fifth straight victory, but it was their fifth straight shutout as well. . . The Sea Gulls have outscored their opponents 16-0 in that span and 31-12 in the season. . . Sophomore forward Cortney Urban is leading the team in scoring with 20 points on eight goals and five assists. Cortney's sister Danielle, a senior, is second on the team with 19 points on six goals and seven assists. She is the school's all time leading scorer with 37 goals and 17 assists. . . Jen Mazzola recently tied a team record with three assists The second half proved more of the same as against Marymount University. . . Frostburg State is

## What goes around comes around... Baseball Gods frown on Orioles in ALCS

avoid elimination.

Aaron Skolnik Flyer Sports Writer

Tate. Destiny. Bad luck. What's wrong with the Baltimore Orioles? The team with the best record in baseball, the team that led the Eastern Division of the American League the entire season, the team to beat. Now, at press time, they trail the Cleveland Indians two games to one in the American League Championship Series (ALCS).

Coming off their victory over the Seattle Mariners in the Division series, the Orioles looked unstoppable as they headed into the ALCS. With home field advantage, a powerful pitching staff and a potent offense, the Cleveland Indians looked like an easy opponent, having struggled to barely eliminate the New York Yankees in five games.

Wait a minute! Didn't Mike Mussina's 15 strikeout effort was all-for-naught in Game 3.

the winning run.

the game?

calls that didn't go the Orioles' way. This call doesn't compare to last year's series against New York. Lest we forget young Jeffrey Maier, the twelve-year-old Yankee fan who reached over the wall to catch Derek Jeter's fly ball out of the glove of right Tony fielder Tarasco. Umpire Richie Garcia obviously made an incorrect call, allowing the game- The controversial call: Indians shortstop Omar Vizquel misses a bunt attempt against Randy

tying home run. Myers in the 12th inning.

That's not true... what about the manager?

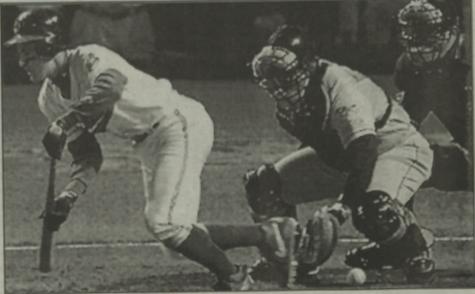

One can argue that Orioles manager Davey Johnson has made many bad decisions throughout the Game 3 will not be remembered for Mike course of the series. The Orioles ranked fifth in the Mussina's ALCS-record 15 strikeouts. Nor will it be league in sacrifice bunts during the regular season, but remembered for the many chances have not bunted at key points in the ALCS. Johnson's each team had to win the game. What pitching decisions can also be called into question. In will remain in everyone's mind is the Game 2, with a two-run lead in the eighth inning, controversial call by umpire John Johnson opted to stick with hard throwing right-hander Armando Benitez. He consequently gave up the game-John Hirschbeck? Isn't that the winning homerun to Marquis Grissom. While secondguessing the decisions of the manager won't do any Yes, in fact, it is. In the bottom of the good now, the character of the series could be very

12th inning, with Marquis Grissom, different. So is this a self-fulfilling prophecy of defeat shortstop Omar Vizquel attempted to for the Orioles?

That's a very real possibility. When mistakes play. With Grissom racing home from are made, games are lost. The Orioles are finding it third, Vizquel missed the pitch from easier and easier to make mistakes. When a team is Orioles left-hander Randy Myers. The winning, it's easy to keep winning because every ball bounced past catcher Lenny player is focused on the team effort to win. When a Webster. Believing that Vizquel had team is losing, they tend to keep losing because each made contact with the ball, making it player is more worried about making mistakes. When a foul, Webster let the ball roll away. player thinks about making mistakes, he makes mistakes, so the cycle continues.

So what happens now?

By the time The Flyer is published, both So it was the umpire's call that cost championship series may already be decided. The No. The Orioles have no one to Orioles need to win one game on the road and both The Flyen Courtesy of AP blame but themselves. It's time to games at Camden Yards to advance to the World expel all the images of umpires that Series for the first time since 1983. The winner of the hold a grudge. Umpires make calls the ALCS will have to face the National League the Orioles have been the victims of bad luck, bad calls best that they can. Most of the time it is a snap decision Champions, either the Atlanta Braves or Florida and numerous mistakes, costing them not only Games where an umpire has just a split-second to decide a Marlins. At press time, that series was tied at two 2 and 3, but their momentum and spirit. The Orioles call. On this play, Hirschbeck didn't have time to think games a piece. The Braves evened the series with a 4-0 are in bad shape, needing to win at least one of the back a year to the infamous spitting incident. Whether victory on Saturday, behind a complete game four-hit or not he made the correct call is a moot point. The fact shutout pitching effort from Anne Arundel County is, Lenny Webster didn't chase after the ball. Looking native Denny Neagle. He struck out seven batters back at the earlier innings of Game 2, there were two while walking only one. The league champions will

changed the momentum of the series, one decision by meet in the World Series beginning Saturday, October

one man cannot change the outcome of a seven game 18, when the National League champion hosts the American League champion.

## Trend of success growing for cross country

Brian Burden Flyer Sports Writer

SU's men's and women's cross country coach Cliff Latham, in his third year at the helm, has oticed that his teams are good. Very good.

"We've got an awful lot of talent on both squads and they have placed expectations on themselves to be the best runners they can be."

The result? In four meets this season, the women have finished first three times and second once. The men have finished first twice and third twice.

"The two squads have been successful in two completely different manners and it has been a joy to see the variety in their victories," Latham said.

For the women's team, there is but one key to success: staying healthy. In the first three meets of the season, the team has only been able to place five runners in the race because of injuries to other members of the team. Fortunately, the five runners that have made it out on to the course have placed in the

The squad is led by the tandem of sophomore Kerri Bowers and senior Lori Frei. The two have had never competed in cross country before. finished in the top five at each meet. Frei won the Christopher Newport Invitational while Bowers took second. The two reversed orders two weeks ago at the inaugural SSU Tidewater Fall Classic.

"Obviously Kerri and Lori have run extremely well so far," Latham said. "They've pushed each other in practice and at the meets and that competition can

Max Snavlin (left), Larry O'Hara and Bob Hendricks compete in the inaugural Tidewater Fall Classic.

whole team is composed of leaders."

Bowers made a splash onto the college scene a year ago when she qualified for the Division III

Sophomore Kerri Bowers continues to excel while leading this year's squad.

national meet and narrowly missed being an All-American as a freshman. Not bad for someone who

"She is such a great runner. She's grown in so many ways since the beginning of her freshman season. She took her talent, added experience and now she really understands how to run a course and what type of strategies she needs," Latham said.

> "Kerri has been running real well and she sets a great pace," Frei added. "She gives me strong motivation to go out and compete. We both know we're teammates, but we also know what we have to do when the meet starts."

> Frei has added to her legacy at SSU this season. Always known as a great runner, she oes into her final competitions with great confidence

> As much as Bowers and Frei have dominated, the team would ultimately be unsuccessful if it were not for their numbers three, four, and five runners. Juniors Caroline Rolker and Jen Tessier, along with senior Erica Tice have given the Sea Gulls a formidable starting five.

> "Jen and Caroline are slowly pushing their way to the top and Erica has been fighting all season. They've been running real well and they've stayed healthy, which is the biggest key. We're going to be that much tougher when we get the rest of our team back," Latham said.

> The men's team has been throwing sheer numbers at the competition and the results have nirrored those of the women's team.

"We've had 10-11 runners each meet, and that obviously helps our chances. We haven't won a meet individually yet, so that tells you a little bit about our depth," Latham said.

The men's team has been led by sophomore Max Snavlin. He placed second in the Christopher Newport Invitational as well as the The Flyer/Carl Cooksey York College Invitational; while placing fifth in the SSU Tidewater Fall Classic.

"Max did a great deal in the off-season as far as training is concerned. He put in a lot of time only make them better. They're both leaders, but our because he wanted to make himself a better runner and that can only make our team stronger," Latham said.

Snavlin's emergence as the team leader and a threat in every meet is that much more important

considering that Ben Vickers, one of the team's strongest performers the last two seasons, has suffered knee problems and is lost for the year.

"I knew that I would have to become a better runner to make up for the loss of Ben. He's a great runner and he can't be replaced, but we have to make up for his loss in terms of team effort," Snavlin said.

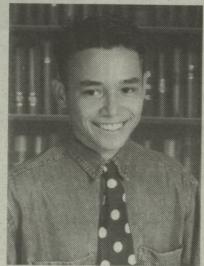

"Losing Ben did hurt our team, there's no doubt about that. Instead of giving up and losing confidence though, the guys have decided to pick up the slack as a team and their efforts are paying off,"

Junior Bob Hendricks and freshman Larry O'Hara have helped pick up the load for the team. The two have placed in the top ten at each of the three meets this season.

"Bob and Larry can be right at the top with the elite. If they can get there and stay there at a consistent basis, we're going to be a tough team to beat." Latham said.

As both teams await the Goucher Invitational this weekend and the Mason-Dixon Championship at .. the end of the month, Latham looks on with confidence. "We've shown great heart so far this season and we've overcome so much. These kids deserve to be successful because they have worked their butts off to get here."
